MOLTENI&C HOME

Linen curtains in the Molteni showroom in Tokyo.

Starting Point

The interior design of the Molteni showroom in Tokyo was created by Creative Director Vincent Van Duysen. The design is very simple and harmonious and is characterised by selected colours and materials.

Solution

The linen curtains requested by the designer were used twice for more volume and weight. With the seam facing inwards so that it is not visible. The curtains give the room a natural look with a beautiful plump texture as the surface.
