# Novus Switzerland

The right dose of sensuality and poetry at work.

## Starting Point

Right in the middle of Zurich's Old Town, Studio Gessaga designed a functional office environment with a lot of daylight and transparency for portfolio intelligence provider Novus. Sensual and poetic elements play a big role.

## Solution

UMBRIA brings homely touches into the office meeting rooms and creates pleasant acoustics in the rooms. The curtain captivates with its colour scheme and materiality and perfectly aligns with the pendulum lights of the proliferating garden. The attractive colour concept takes away the strict character of traditional meeting rooms and gives staff and clients special moments.
