# Scandinavian-Style Home – Diest

Curtain fabric with a natural character complements the Scandinavian style of living.

## Starting Point

The Scandinavian style of interior décor is characterised by clear shapes and natural materials. The combination of functionality and design is an important feature of this style of living. Curtain fabrics were specifically sought that impress with a natural charm and are functional at the same time.

## Solution

The flame retardant, semi-transparent SONOR COLOR II curtain fabric with a natural linen-like look complements the Scandinavian interior style of the house and is therefore the ideal solution.
