# MDC Loft – Berlin

Colourful transformation of a Berlin loft with Acoustic Divider Vario.

## Starting Point

The MDC Loft Berlin is a large loft with a charming historical flair. In a partially developed old building with plank floors and plasterboard ceilings, the challenge was to transform the spacious space into two separate multifunctional treatment cabins, ideal for a variety of beauty and spa treatments.

## Solution

The challenges at the MDC Loft Berlin were successfully overcome by the expert implementation of Raumkontor Zielke&Vogel. The spacious loft was converted into two separate treatment cabins, while retaining the historic charm of the old building. To create a quiet and relaxing atmosphere, ACOUSTIC DIVIDER VARIO with Noiseblocker and LORD and SPORT were used to acoustically separate the rooms. In addition, the colour scheme of the rooms was inspired by the bright colours of canaries. This gives the cabins a refreshing and lively atmosphere.

## LORD IV

**Article-Number:** 0100130

**Use:** Dense curtain fabric

**Number of colors:** 35

**Material:** 100% Flame retardant (Trevira CS)

**Fabric width:** 150 cm/59 inch/1.64 yard

**Weight:** 349 g/m<sup>2</sup>

**Sound absorption:**  $\alpha_w$  0.70

**Abrasion resistance:** 60'000 Martindale

**Pilling:** 4

**Light fastness:** 5-6

## SPORT II

**Article-Number:** 0101000

**Use:** Dense curtain fabric

**Number of colors:** 31

**Material:** 70% Polyester flame retardant / 30% Polyester

**Fabric width:** 300 cm/118 inch/3.28 yard

**Weight:** 270 g/m<sup>2</sup>

**Sound absorption:**  $\alpha_w$  0.80

**Light fastness:** 4-5
