

Education/Culture

Member Area – Nagoya

Exclusive events and meetings in an acoustically perfect ambience.

Starting Point

During the redesign of a building in Nagoya, an exclusive members' area was also modernised. The architectural concept makes targeted use of the room height to harmoniously combine different zones – for relaxation, dialogue and changing events and exhibitions.

Solution

Coordinated design elements were used to optimise the design of the different areas. In the event area, a triple-layered ACOUSTIC DIVIDER VARIO with SPORT acts as a flexible room divider, structuring the space as required and improving the acoustics at the same time – ideal for talks, presentations and exhibitions in a pleasant sound environment. When closed, the acoustically effective partition curtain blends harmoniously with the architecture. In the upper area, transparent curtains with SOPRANO create an open, inviting atmosphere and frame the view to the outside.

ACOUSTIC DIVIDER VARIO

Textiles Used

SPORT II

Article-Number: 0101000

Use: Dense curtain fabric

Number of colors: 31

Material: 70% Polyester flame retardant / 30% Polyester

Fabric width: 300 cm/118 inch/3.28 yard

Weight: 270 g/m²

Sound absorption: α_w 0.80

Light fastness: 4-5

SOPRANO COLOR III

Article-Number: 0005500

Use: Transparent/semi-transparent curtain fabric

Number of colors: 49

Material: 100% Flame retardant (Trevira CS)

Fabric width: 300 cm/118 inch/3.28 yard

Weight: 43 g/m²

Light fastness: 6
